

ROHIT SHAHI

Data Analyst

Dehradun, Uttarakhand | +91 7060845553 | rohitshahi540@gmail.com | [Portfolio](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Results-driven Entry-Level Data Analyst with demonstrated proficiency in Microsoft Excel, SQL, and Power BI. Skilled in end-to-end data workflows including data cleaning, transformation, visualization, and dashboard development. Proven ability to translate complex datasets into actionable business insights through hands-on projects. Passionate about supporting data-driven decision-making and contributing to organizational growth.

TECHNICAL SKILLS

Data Analysis Tools:

Microsoft Excel (Pivot Tables, VLOOKUP, XLOOKUP, IF Functions, Data Cleaning) · Power BI (Dashboards, Data Visualization, KPIs, DAX) · SQL (Joins, Aggregations, Subqueries, Filtering)

Core Competencies:

Data Cleaning & Transformation · Data Visualization & Dashboard Creation · KPI Tracking & Reporting · Business Data Analysis · Insight Generation

Other Tools:

MS Word · PowerPoint · Canva · Basic HTML · AI Tools (ChatGPT, Gemini, Claude, Perplexity)

PROJECTS

TechnoEdge – Business Performance & Sales Insights

January 2026

- Analyzed business datasets to identify performance trends and revenue growth opportunities.
- Built interactive Power BI dashboards to track sales KPIs including revenue, profit margins, and order volume.
- Enhanced strategic decision-making by presenting clear, data-driven insights to stakeholders.
